Dear Ms. Lines:

The Heard Museum greatly appreciates your willingness to share your paper "A Digital Engagement Plan for Heritage Visitors at the Heard Museum" with us. There is much in your paper for people across the museum to consider. At present we have two new committees who are studying aspects of the visitor experience, and we anticipate that your paper will provide an important perspective.

Again, thank you for your thoughtful consideration, and we hope you will continue your interest in the Heard Museum.

Best regards,
